## »» Relative Clause

We use relative clauses identify a person, a thing or a place.

- A relative clause gives extra information about the people or things we are talking about.
- »» We use who, whose, which, where and when in relative clauses to give additional information.
- »» We use 'who' for people, 'which' for things, 'where' for a place and 'when' for a time.
- Look at the sentences below. The underlines clauses are examples of relative clauses.
- »» The person who invented the telephone was Graham Bell.
- »» I can't remember the year when I met her.
- »» These are the games which are very popular among children.
- »» A mosque is a place where people pray.
