Discover Amasya – The City of Princes

Welcome to Amasya, a historical city located in the Black Sea region of Türkiye. It is a place where history and nature meet in perfect harmony.

Don't miss the Pontic Rock Tombs, which are carved into the limestone cliffs overlooking the city. You should also visit the Yeşilırmak River, where traditional Ottoman houses stand beautifully along the banks.

Amasya is famous for its apples, which are small, sweet, and juicy. For dinner, try "Keşkek," a traditional dish that is made with wheat and meat, often served at weddings and special festivals.

The city enjoys a transition climate, which means hot summers and cold, snowy winters. The best time to visit is spring, when the valleys are full of colorful flowers.
