My Summer Holiday in Bodrum

Last summer, I went to Bodrum with my family. We traveled there by car, and the trip took about four hours. We stayed in a small hotel near the beach for one week.

The weather was very hot and sunny every day. We swam in the clear blue sea and built sandcastles. In the evenings, we walked in the town center. We ate fresh fish and delicious ice cream.

I felt very happy and relaxed because I love the ocean. It was a wonderful holiday!

**(T12.7.1)** It was the final match of the season, and the atmosphere was tense. At first, our team started nervously and made many mistakes. Consequently, the rival team scored the first goal in the 10th minute. We were losing 1-0 at halftime. However, during the break, the coach gave a very motivating speech. After that, the players went back to the field with high energy. Suddenly, our captain stole the ball and scored an amazing equalizer! In the final minutes, we scored one more time and won the cup. In the end, the fans celebrated the victory until the morning.

**(T12.7.2)** Last week, a team of four climbers faced a dangerous situation while descending the summit of Mount Everest. It started as a routine expedition. First of all, the weather was clear and sunny, so the team moved quickly. Later, in the afternoon, dark clouds gathered over the peak. Suddenly, a violent blizzard struck the mountain, reducing visibility to zero. The climbers lost their way and couldn't contact the base camp. Therefore, the expedition leader decided to dig a snow cave and wait for the storm to pass. In the meantime, rescue teams at the base camp were preparing their equipment to locate the missing group. But, they could not take off immediately because the wind was too strong. Then, after a tense 12-hour wait, the wind stopped. Finally, the sky cleared, and a helicopter was able to spot the climbers and bring them back to safety.
