03/ Read the phrases and write “G” (Good for the environment) or “B” (Bad for the environment).

- | | |
|--|---|
| <input type="radio"/> 1. using pesticides | <input type="radio"/> 12. minimizing deforestation |
| <input type="radio"/> 2. preventing global warming | <input type="radio"/> 13. using renewable and clean energy sources |
| <input type="radio"/> 3. dumping waste | <input type="radio"/> 14. wasting energy |
| <input type="radio"/> 4. being sensitive about energy consumptions | <input type="radio"/> 15. raising people’s awareness |
| <input type="radio"/> 5. determining residential areas that do not require deforestation | <input type="radio"/> 16. unplugging electrical outlets |
| <input type="radio"/> 6. cutting down the trees | <input type="radio"/> 17. using low calorie coals |
| <input type="radio"/> 7. using non-environment-friendly products | <input type="radio"/> 18. being more sensitive about environmental issues |
| <input type="radio"/> 8. keeping the devices unplugged | <input type="radio"/> 19. polluting the air |
| <input type="radio"/> 9. installing solar panels | <input type="radio"/> 20. using fossil fuels |
| <input type="radio"/> 10. using plastic shopping bags | <input type="radio"/> 21. quitting consumption-based lifestyle |
| <input type="radio"/> 11. reducing consumption | <input type="radio"/> 22. reducing greenhouse gases |

04/ Complete the sentences using prompts in the box.

the residential area

oxygen

environmental issues

cutting trees

hazardous

smell of coal

is increasing

- There is a terrible _____ especially in the early morning and evening hours while I’m out for a run or walk.
- We should stop _____ because deforestation has a negative impact on habitats of wild animals.
- People cut down too many trees in the forests. We must stop it. Trees are important because they are necessary for _____.
- Because of global warming, the temperature of the Earth surface _____.
- We have to stop using pesticides because these are _____ chemicals and bad for human health and nature.
- We should be more sensitive about _____.
- The factory in our neighborhood dumps waste somewhere close to _____.

05 Match the problems with their solutions.

1. ☐ Sorry to bother you, but I think there's a problem that requires an urgent solution. Oxygen in the air decreases.
 2. ☐ The number of trees are decreasing day by day.
 3. ☐ Water pollution has negative impact on habitats of marine animals.
 4. ☐ Land and soil pollution cause genetic problems for humans and animals.
 5. ☐ Energy consumption and costs are very high.
 6. ☐ Ozone layer depletion problem is growing.
 7. ☐ Our world has many environmental problems.
- a. We mustn't leave poisonous gases into the air and we should stop using sprays.
 - b. I think we should stop throwing away garbage to the lakes, rivers or seas.
 - c. People should use less coal and other fossil fuels.
 - d. The solution to this problem is using renewable sources like wind and solar energy.
 - e. People must stop destroying forests and plant more trees.
 - f. In order to solve this problem we must prevent industrial and nuclear waste.
 - g. We have to take action immediately and do something for the environment.

06 Read the text and order the pictures.

There are many ways to stop global warming. First of all, we should use environmentally friendly products. We should unplug electrical devices and turn off the taps when we don't use them. Secondly, we should classify the rubbish as paper, plastic, glass, metal and batteries to recycle. Finally, we should save the trees and plant more trees.

07 Complete the text using “should” or “shouldn’t”.

Our world is in danger. We have many environmental problems like global warming and pollution. We ¹ _____ stop global warming to protect the world and we ² _____ pollute the seas, oceans, rivers, air and the land.

There are many ways to stop global warming. We ³ _____ reduce the amount of our rubbish and classify the rubbish as paper, plastic, metal and glass to recycle. We ⁴ _____ also reduce the use of electricity and water, and turn off the lights and electrical devices when we are not using them. We ⁵ _____ leave the taps running and leave the electrical devices on.

We ⁶ _____ keep the seas, rivers and lakes clean to save the environment and our planet. We ⁷ _____ damage the environment with our trash. We ⁸ _____ warn the people damaging the environment with their trash. We ⁹ _____ join hands to make our world a better place to live in and we ¹⁰ _____ respect our world.

08 Complete the slogans in the posters. Use the words below.

THE PLANET
ZERO

SAVE
PAPER

PLASTIC
