

Answer Key

1.

Animals

cheetah
polar bear
dolphin
Asian elephant
sea turtle

Habitats

rainforest
national park
desert
grassland
ocean

Environment Issues

air pollution
lack of food
deforestation
global warming
flood

Actions for Protection

raise awareness
protect
donate
prevent
take action

2.

1. mountain gazelle
2. Asian elephant
3. tiger
4. wild sheep
5. cheetah
6. shark
7. chimpanzee
8. whale
9. sea turtle
10. polar bear

3.

1. clean energy (wind, solar)
2. pet trade
3. species extinction
4. climate change
5. volunteers
6. protect endangered animals
7. donation
8. habitat loss
9. reduce carbon emissions
10. illegal hunting
11. diseases
12. plastic bags
13. air / marine pollution
14. save energy
15. safe habitats
16. environmental protection
17. wildlife conservation
18. fossil fuels

4.

GOOD

protect endangered animals
wildlife conservation
safe habitats
clean energy (wind, solar)
reduce carbon emissions
save energy
volunteers
donation
environmental protection

BAD

climate change
illegal hunting
pet trade
habitat loss
air / marine pollution
plastic bags
fossil fuels
diseases
species extinction

5.

1. T
2. F
3. T
4. F
5. T
6. F
7. T
8. T

6.

1. should
2. should
3. shouldn't
4. should
5. shouldn't
6. should
7. shouldn't
8. should

7.

1. was
2. There were
3. was
4. were
5. There was
6. There was
7. were
8. There were
9. were
10. There was

8.

1. Was the population higher in the past?
2. Were habitats cleaner in ancient times?
3. Was there more wildlife in forests?
4. Was there air pollution in the past?
